NEXT GENERATION STARCART The next generation in Starcarts is here! We've taken

A single wall body and combined it with a double wall,

Boxed style lip for greater durability and maximum impact

Resistance.

Poly core wheels and heavy-duty casters are upgrades on the next generation Starcart that allow this cart to roll better and offer more maneuverability. Steel undercarriage provides added strength and durability.

Next generation Starcarts are available in capacities from

14 bu. to 32 bu. You will not find a better poly cart with these features and durability anywhere else!
