

## Warehousing Equipment Direct

*Warehousing Equipment Direct*

### **Class 3 Load Class 2 Backrest-For sizes up to 59"W x 72"L**

Price: \$496.00

## **LOAD BACKRESTS**

**Steel Load backrests are designed to prevent the load from falling toward the equipment driver. This allows product to rest against a square, flat surface that makes loading/unloading safe.**

These OSHA required backrests feature a steel grid area above the forks. Heavy-duty steel framing secures attachment to sides of forklift carriage.

All load backrests are either bolt-on or slip-on style.

Special backrests, such as notched center and electric pallet truck backrests are available upon request.

Load Backrests are built to order and [the Load Backrest](#)

[Specification Sheet](#) must be included with each order.
