Price: \$496.00

FORKLIFT FORKS

Forklift forks are manufactured to ITA specifications

And are made to meet the highest of quality standards.

All forged forklift forks are manufactured in pairs, assuring you that every set of forks you purchase will be even in tip thickness and Blade height. A locking pin kit comes standard on each forklift replacement fork to keep bade in place on lift truck.

Available in Class 2 or Class 3 mount, forged forklift forks are available in lengths up to 96". We have over 300 forks in stock ready to ship!

If you need special forks, such as block, lumber, Class 4 or shaft mount forks, we have those too! Call us with your needs.
